## Tenderling Named Graphic Design USA Digital Design Award Winner for Signia Atlanta Website

May 14, 2025

**Austin, Texas:** Tenderling is proud to announce that it has been listed as a winner of the Graphic Design USA (GDUSA) Digital Design Awards in the Website category for the Signia by Hilton Atlanta website. From roughly 3,000+ entries, only the top 10 percent was recognized as winners.

GDUSA magazine and website has long presented competitions that focus on areas of growth and opportunity for creative professionals. This annual awards program, also known as the American Digital Design Awards, celebrates the power of design to enhance and amplify online communications—websites, social media, email marketing, digital ads and publishing, video, apps, UX/UI and more.

“We’re so proud of our team and of this website,” said Partner Penny Moore. “We’re excited to bring the next brand to life through a website.”

Tenderling is proud to be recognized as a top-performing agency that helps brands build more thoughtful, engaging, and high-performing digital experiences. The full list of winners will be published later this summer on GDUSA's website and in their print and digital magazine.
